

F-1 Student Departure Form

This form is used to notify the International Student Advisor that you intend to leave Genesee Community College before completing your program requirements outlined on your current I-20. By submitting this form, action to your current SEVIS record may be required, including possible termination of your F-1 record for Authorized Early Withdraw. Without notifying the International Student Advisor that you are leaving the U.S. or will not continue your studies at GCC, your SEVIS record will be terminated for Unauthorized Early Withdraw, and you may have problems maintaining a new status in the U.S., or lose possible immigration benefits. Please speak Amy Cleveland to discuss your personal circumstances and available alternatives.
