SPEND SPRING BREAK 2011 IN COSTA RICA

IN THE RAINFOREST! MARCH 9-17, 2011*

Stunning ecological terrain creates a dynamic panorama of active volcanoes, forested mountains and palm-lined beaches. Amid your picturesque surroundings, you’ll explore some of the world’s most magnificent plant and animal habitats, experience vibrant cultural traditions and discover the ways in which the people of Costa Rica continually strive to conserve and protect the environmental wonderland. This excursion through Costa Rica involves interacting directly with the rain forest and observing and studying this beautiful but threatened habitat.

Seats are limited!
COST: $2227**
(INCLUDES AIRFARE. OPTIONAL INSURANCE $135.)

This course is available for 3 credits as a science elective (BIO114) for non-math/science majors. (Tuition fees apply.)
